MY SISTERS

I have two sisters named Amanda and Heather. They are mean to me sometimes. I'm mean too sometimes. We fight too. We went to Kuzzin's Kamp. We got to sleep in tents outside. Jenny, Tasha, Amanda and me slept in a tent by ourself. We were the Tigers. It was fun. We got to have treasures. We went to church. We had a party for Grandma Harmon. And we had two picnics. A church one and a birthday picnic. We went to the sand dunes. We got to play in the water and climb up big sand hills and roll down them. We played dinosaurs at the sand dunes. I was a sand monster. We went home. It was a long trip home to Grandma Harmon's and then about a week after that we started traveling home.

KUZZIN KAMP '92 KUZZIN KAMP IS FUN TO DO!

August 6-9, 1992

LITTLE LADIES:

Heather Harmon: I'm gonna be in second grade. I'm six years old. I did really good in school last year. I always ride bikes with Sherry on Echo's bike. I like to jump rope. At Kuzzins Kamp it is real weird when we sleep in the tent because I always keep thinking it's my house. I just look around and notice it is just a tent and it feels funny. I like being with my friends in our tent. Yesterday we went to the sand dunes and I rolled down a big hill. Sand got in my eyes. I had to shut my eyes tight. The dunes was fun. We played dinosaurs in the sand. That was Jessyca's idea. We pretended the big rocks were our baby eggs. We have a picnic place at Aunt Cheryl's. I like the little table that goes back and forth like a teeter totter. I liked the S'mores best.

Jessyca Murphy: We've been on a long trip from Iowa to Salt Lake. Mostly we saw animals at a place that you go up a hill and go into a cave. That was the funnest part of my vacation but not funner than Kuzzin Kamp. We went swimming at Salt Lake beach and it has salt water but its not the ocean or the sea. You don't sink in the water. Its mostly warm. I got my ears pierced the same day we went to Salt Lake. I got a floater that is a huge alligator. At Kuzzin Kamp, Aunt Suzanne brought me here. On the way I took care of Shandra. She wanted Lucky Charms and I fed her a bunch the whole way. So I wasn't hungry for lunch because I ate some too. We split up in groups. My group is called Little Ladies. We decorated hats with paints and glitter and stickers. We decorated our flag. I drew a bird and a flower on our flag. We went to the sand dunes and we played dinosaurs and got to crawl around and I liked rolling down the hills. I was a long neck dinosaur.

Katrina Harmon: I like feeding my baby sister, Naomi. I like playing with my new doggie. Its name is Princess. Its a girl puppy. The most thing I like about my old house is my friend next door and we played together every single day. The thing I like in my new house is my bedroom upstairs. I want to keep it clean but Luke and Naomi come in and mess it up. I liked keeping things clean at Grandma Harmon's house. When we didn't have a house I went to my Aunt Priscilla. Audrey got mad at me for going to my friends house. I liked with Grandma Harmon. I played with my kitties. I rode Caleb's bike. I like playing with my baby sister a long time. I like playing with Caleb a lot and Matt a lot too. I like playing with Luke and Tasha. I like at Kuzzin's Kamp playing with the Little Ladies in my group. I like sleeping in the tent. I like jumping on the tramp. We cooked pancakes and hot chocolate outside and it was good. Last night we

roasted hot dogs and marshmallows. We had them with hershey bars and graham crackers. About school, I like doing the work. I'm gonna make new friends in my new school. I liked playing dinosaurs at the sand dunes and being a Long neck. We have a tree house to climb and play house at Kuzzin Kamp. It is fun to play house in it.

Mary Hall: We moved into my Grandma;s upstairs. My mom is having a baby. I have a new room and I'm gonna have a new bunk bed and make new friends. At Kuzzin's Kamp, I like to have Heather help me. I like playing with Jennifer and I like playing in the tree house and I like to pray with my friends that I make at Kuzzin Kamp. I like to jump on the trampoline. I didn't like having to go to bed. I wanted to stay up later but it was dark and Cousin Cheryl wouldn't let me keep jumping on the tramp. I liked roasting marshmallows. I didn't get to swim at the sand dunes because there wasn't deep enough water. I liked rolling down the hill. It wasn't hot this year and didn't burn our feet. All of us got in the car to come home and the tire went flat. Suzanne taught us a song about Grandma Harmon but she isn't my Grandma.

Brandy Bean: I'm gonna have my birthday tomorrow at Kuzzin's Kamp. My Mom is gonna give me a present. I'll be 5. We just moved to a new house. It is really big and we don't live upstairs any more. We live on number 2. Aunt Sharon babysits me while my Mom works. It is fun. I like that she gives us stories when we take naps. I like when we go to Kuzzin Kamp. I like to sleep in the tent. I hate the mosquitos. They itch. The puppy Duke was funny. He came in our tent and slept and got on my sleeping bag and I couldn't move so Grandma moved Duke and he didn't even wake up. I like the trampoline best of all. When we rolled down at the dunes it was fun. We played in the water. We buried Grandma Bean with sand but she wouldn't let us get it in her eyes. Grandma made funny dinosaur noises and I don't want to say anything else.

Cassi Portela: I got bit by a St. Bernard dog on the lip and so I couldn't stay at Kuzzin Kamp except when my Mom was there. We stayed Thursday and Saturday and Sunday. Uncle Billy taught us a real weird song about bananas. We kept wanting to do it again and he finally ran away and rode his motorcycle. I liked going to Church at Grandma Bean's. I liked being with my cousins. I liked the frog eye salad. I decided I liked Uncle Ron cause he tickles me and I laugh and I laugh. Heather, Katrina and Jessyca and Brandy and Mary were fun.

THE WHITE SOX:

Matt Harmon: We just moved and all I do at home is fix bikes. For selling Scout-O-Rama tickets, me and Caleb got a tent, a back pack, a sleeping bag a propane burner, and I got a sleeping pad, a cot, and 2 flashlights and I got a handwarmer and sunglasses, a neckerchief slide and a hat. We sold 608 tickets together. We have only explored about half of our new yard. We have 2.4 acres. I sleep in the porch with

Caleb. We got a two story house and the girls and Luke sleep upstairs. We just barely got a dog about a week ago. Her name is Princess. She sleeps in a very big doghouse that is made for a German Shepherd. I didn't want to come to Kuzzin Kamp because I got too many thorns in my feet last year. I don't like to wear shoes. This year I had to come. I like it this year. I got slip ons. I like eating outside. I like sleeping outside. This morning our group helped cook breakfast. I like jumping on the tramp. I liked rolling and jumping down the sand dunes. I'm going to try to make a dart out of something I found there. I got to shoot the BB guns. I liked blowing the cans up. I hit about ten cans. I haven't even explored half of Aunt Cheryl's place yet. We got to jump on the tramp at night until Luke got scared of the bears coming.

Luke Harmon: I stayed at Grandma Harmons a long time. She always fixed oatmeal and it was good and she fed us Cream of Wheat. That is good, too. Real good. I could eat two bowls full. She let me sleep in the bedroom. We rested every day. I like sleeping outside at Kuzzin Kamp. I like Big Bird. I made a visor and put my name on it. I like to wear it. I like to jump on the tramp. I am Aunt Cheryl's helper. She really likes me a lot. I am smart and I am strong. I wish I lived with her but I'd miss my Mom and Dad. My Dad is real tough. On our way to Kuzzin Kamp the police came and gave my Mom a ticket because Naomi was standing up. I liked the sand dunes and climbing the tall mountain. Aunt Cheryl said we couldn't go on the tallest mountain. We had to stay where we could see her. We got a flat tire. We have treasure boxes but don't have real treasure like silver and gold.

Caleb Harmon: I liked staying with Grandma Haney and Grandma Harmon. We pulled weeds and went to the beach two times. I don't really like to work. The best thing at Grandma Harmon's was my birthday. I was so surprised because I got stuff that my Mom wouldn't get Matt because it was too expensive. I thought I had all my presents and my Dad rolled in a new bike. There was poop on the tire. I like to ride it. I can ride it a half mile away to a store. I like my new house and especially the cats and dogs. The dog likes anybody that comes to the door. It will bite anybody laying or eating outside. For selling scout-o-rama tickets, I got a cook stove, a mess kit, a tent, a scout uniform shirt and pants and belt and hat and neckerchief and a flag. This year Kuzzin's Kamp is a whole lot different. We got treasure boxes and we don't have to do a dance. We chose different names for our groups. We are the White Sox, a baseball team. There are only four boys and 10 girls. Nobody wants to play baseball but the boys. But if they play the boys are gonna win. Bryan will be here tomorrow. He is at Scout Camp. At the Sand Dunes we rolled down the hills. We ran laps and played dinosaurs and people. The boys was the people and we kept shooting the dinosaurs with laser guns. We got a flat tire on the way home but the boys wanted to change it but Doug went over and asked some men to change it for us. When me and Matt got a tent, I started to put it up all by myself. At night it gets really cold. Matt dropped our flashlight and made it so it doesn't work any more. We got really mad at him but Aunt Cheryl won't let us fight.

Doug Bean: This year on our baseball team I was the pitcher. Everybody was so amazed at how I could keep pitching strikes. I was the catcher, too. I went to Suzanne's for a week. Tracy taught us to play tennis and he beat us. I haven't liked Kuzzin Kamp this year because its boring. The sand dunes was the only fun thing so far. I ate the most pancakes. I had to clean my room and it was hard. Bryan didn't help because he was at camp. Mom took up our carpet because we shot darts at the water bottles under our bed and it made the carpet mold. I am sick of jumping on the trampoline. I like the little girls. They want me to play in the tree house with them and bounce them on the trampoline. Matt doesn't play with them. He makes them cry. We got a nail in our tire. I found the hole. To get ready for Kuzzin Kamp, I helped Mom a lot. I didn't get shoot the guns because Billy was mean to me. I lost my shoe when the dog took it. Luke found it under the hayshed. I wish they would play baseball. Maybe they will when Bryan gets here. Matt didn't want to stand me with him and Caleb against me. Thats about all.

George Bean: My surgery went great. Everybody was praying for me. I go on four mile walks each day and can make it in an hour. I want to do wheel chair racing. I went on a river raft trip with my handicapped scout troop. It was fun. I didn't even miss being home. I wish we could have been gone till Saturday. I didn't want to come to Kuzzin's Kamp. It is so boring. I like Jessyca and Shandra though. The other kids bug me. I like to sleep late. Bill likes Sherry and I like her sister, Jenny. I am allergic to my wheel chair. It makes me get hives. Mom fixed my bed so it is not foam rubber and I don't wake up with hives now. Everything latex I am allergic too. I am now going to do wheel chair races with the kids at Kuzzin Kamp.

TIGERS:

Amanda Cassidy: I burned my fingers on the toaster and it hurts. I liked the crafts at Kuzzin Kamp. We made trains out of candy and pet rocks and hoop pictures. We painted T-shirts and it was a lot of fun.

Kristin Harmon: I liked sleeping with my group in our own tent and staying up all night. We told ghost stories. The boys collapsed our tent. They got in big trouble. I liked doing crafts. I liked telling ghost stories, especially the big toe. This boy he just barely moved into a big house and the boy went into the garden and he found a big toe and he was pulling and it came out and his mother chopped it up into three and they had it for dinner. A man across the street went, "I want my big toe. I want my big toe!" At the end he got really scared cause he broke into his house and he found out it was his dad. We had plays and songs and I was Great Grandma Williams in the puppet show. We each got our own team. We were Tigers. The boys were White Sox and my little sister's group were Little Ladies. We went to Church and I hurt my leg on the trampoline. We said good-bye to everybody and left.

Jennifer Portela: I liked our group name, Tigers. Our yell was "Go Tigers. Go Tigers. Now we got it. Let's GO!" The boys collapsed our tent. We told lots of ghost stories. I like Kuzzin Kamp very much. I like playing on the trampoline and doing tricks. Its fun at Grandma's House with the dogs and cats. I liked playing in the back yard with the Tigers. I like cooking out and eating the turkey and frog eye salad. They don't kill the frogs to make it, you just squeeze them until the eyes pop out. I like playing with the little girls and little boys. I liked going to Church with the family. We filled up three rows. There were 28 of us. We liked to do the trampoline tricks and program. We made up a poem for Grandma Harmon and it said: "Grandma Harmon sews for me. And she does genealogy. She reads me stories and tucks me in. She always has a great big grin. When we go there she helps us work. And makes us ice cream for dessert. My Grandma Harmon she is so fine. I'm very glad that she is mine." For the program, we did a banner for Grandma Harmon and we sang a song about Grandma Harmon loves many children. I like having Kuzzin Kamp at Grandma Bean's because we can play with all of our cousins and uncles and aunts. I liked playing with Shandra. I liked it when Suzanne cut my hair and fixed it.

Tasha Harmon: I was the oldest kid at Kuzzin Kamp until Bryan got home from Scouts. That was fun. Some of the funnest things we did was painting our t-shirts and the rock animals; going to the sand dunes and trying to bury Aunt Cheryl in the sand; staying up really late and talking in our tent then waking up cold and putting lots of clothes on to get warm; and doing the program for Grandma Harmon. I really enjoyed learning about when she was a little girl. I loved meeting my cousins, and aunts and uncles that I don't get to see very often. It was fun sleeping outside in the tent, eating our meals outside and jumping on the tramp. The jump rope team who came and taught us was fun. Aunt Cheryl thought I was a "Natural" with the jump rope! It was neat going to church as a great big family and having our big dinner afterwards. I really enjoyed our treasure boxes, too. Kuzzin Kamp was fun! I got a great new hair style from Suzanne.

KUZZIN KAMP 93

KUZZIN KAMP IS THE PLACE TO BE

Our next Kuzzin Kamp is in the planning stages. Please send your ideas for a great camp in 1993! We will hold Kuzzin Kamp July 22-25, 1993. I'd like the children to bring pioneer costumes and we can all be in the Pioneer Day Parade in Saint Anthony. You have plenty of time to design your own Pioneer costume! Lets have a great camp. We will have a charge of \$10 per person this year, so be saving your money!

I am so excited to host Kuzzin Kamp for you! Parents, we'd love to have you sign up to help! And we will again have a Parent's sleepover and go to church together as a family.

KUZZIN KAMP KAPERS 1993

Naomi:

I had fun playing Jenni's The Maid. There is a little chair we set in and we hold a baby in it and it just goes to sleep and we play house and jump on the tramp. I liked when Aunt Cheryl read books. I liked to go to Sand dunes and go swimming. I liked the fireworks. I liked firework cones the best. We ate popsicles, and hot dogs and making things. I cooked jiggler jello and we ate it all gone. My group was fun.

Ginny:

I liked to go swimming, cooking, jumping on the tramp, going to eat and going to play. We had lots of fun doing things. I made a pretty pink pillow case with red teddy bear on it. I made a necklace and magic blocks. I liked playing games, jumping on the tramp and having my team. I liked to stay up late. I went to Church and did fun things. I liked our family singing church songs and the program. The play was fun. Thats all.

Luke:

I liked to jump on the trampoline and I liked to eat outside. I liked to play inside with the toys. I liked to watch videos and we watched Beethoven. We stayed up really late. I liked to draw and make farms out of paper. I liked to look at the pictures on the wall. I liked to wear my apron and to cook. I cooked jello jigglers and gingerbread mans. I like Aunt Cheryl's house and I like Aunt Cheryl because she is so nice and has Kuzzin Kamp all the time...this is my 24 the Kuzzin's Kamp. I liked to go swimming at Rigby Lake and I liked to go to the sand dunes. I liked the computer and I like the Kuzzin Kamp flag and I got to carry it at Rigby Lake on a hike. I liked the flag I made for my group. Our group yell was Roses are Red. Tulips are pink. We're not mellow because of our fellow. I like to do the Kuzzin Kamp Yell. It was Kuzzin Kamp 93. Kuzzin's Kamp is the Place to be. I loved to go to Church and I liked to be with my dad in his class. That medicine kept me awake all through Church and I didn't even fall asleep. I like the bedrooms here...the bedroom I sleep in and where my Mom and Dad sleeps in. I liked to eat in the garage.

Brandy:

I liked to jump on the tramp. And I like it when the Kuzzin's come over. I like to write. I like to watch movies. I like to cook and wear cute Aprons that Grandma made. I cooked jello and Rice Krispie Treats and I liked the pies and I liked eating the cottage cheese. Rigby Lake was even funner cause we gots to swim. Good thing there was no fish. I liked the pictures Grandma has all around her room. I liked doing the program. I liked singing when we all sang in the living room that was even funner. I like the room I sleep in. I like swimming. I like to go to church and the cute way Jenni fixed my hair with ribbons in my braid. I kept losing my shoes but I always found them.

Cassi:

I like riding in George's wheel chair. I like jumping on the tramp. I liked doing magic blocks. I liked cooking A LOT! It was fun. It was fun playing with Bryan. The first day I followed him around because I like Bryan. He took me and Brandy wherever we wanted to go and he was funny. I liked swimming and I liked being at the Sand Hills. Burying Grandma's feet was fun but she kept moving her feet. So I got a big bucket and I put mud in it but they had to dump it out because they had to put the fireworks away. The fireworks were beautiful. I liked doing the program. I was kind of embarrassed. Kamping is Fun, Kamping is fun, Kamping is fun when you swim and run. I did the Three Bear Rap. My Mom wanted me to get up there and sing the never-ending song.

Katrina:

Kuzzin Kamp is fun. Swimming at Rigby Lake was fun. Doing the play was fun. We're gonna do it again tonight. I liked to watch Billy and his girlfriend kiss. We are going to follow them to see if they kiss again. We can't let them see us. He kissed Rhonda once! His girlfriend is cute. Billy growls. We snuck up on them and watched them kiss. They kissed in the laundry room and had a snow glove fight upstairs in Doug's room. I liked going to the Sand Dunes. We buried Marie. We had fun at Kuzzin's Kamp. We hope we will cook next year. We loved to cook. We got to wear cute aprons and cook a lot of stuff. I liked going to Church and I like all my cousins. I liked my necklace and Billy winked at me.

Audrey:

I like Kuzzin's Kamp. It is so much fun to me. I like all my cousins and Cheryl and my Mom and I enjoyed cooking. I like to go swimming and I liked the way we had fun at the Sand dunes. I liked my family. I liked the program. I hope we get to do it right tonight. I like the magic blocks and necklaces. I liked my teacher at Church today. I also like the lesson that we had today. I like my Uncle and Aunt.

Caleb:

I like Kuzzin's Kamp this year because it was funner than last year. We got to go swimming at a lake and we got to go to different sand dunes and do fireworks. I liked to see my cousins and my Aunts and my uncles. I liked doing the necklaces and the piggy banks and the magic blocks and cooking. I liked making the cherry pie and doing the jerky. I'm glad Aunt Cheryl did Kuzzin's Kamp this year. We watched movies and stay up real late and my favorite was Harry and the Hendersons. I liked riding in Grandma's car to church. I'm glad Aunt Cheryl let my cousins come.

Matt:

I like Kuzzin's Kamp because we got to make pie, we got to make jerky, we got to do lots of crafts and we got to sleep outside. I liked doing the skit thing. But my favorite part was EATING! I liked the pies best. We got to eat all the pie we could hold. I got to stay up real late and watch movies. I liked sleeping on the tramp best. Next year I hope we can bring our bows and arrows. Uncle Bill took us out shooting and I shot the best with the scope. I even shot better than Uncle Bill. I made up a Kuzzin Kamp yell for next year. It is Kuzzin's Kamp 94. Don't stop now--we want more!

Anthony:

I liked Kuzzin's Kamp because I liked to make Magic blocks and to shoot and jump on the tramp and play games and on the skit I liked my part. I was Kool Kamping Bob. I liked to go to the Sand dunes. I liked to play musical treats. I had to eat two jolly ranchers and a tootsie roll and smarties. I wanted a Kit Kat bar but it never stopped with me. I liked to cook. I made the breadsticks.

Jennifer:

This year Kuzzin Kamp was great. We went to the Sand dunes and did fireworks. We went shooting and I hit my target just on the sides. At the sand dunes I was buried up to my chin. I met new people this year. I hope to meet new people next year. I liked the museum that we went to because of the pioneer stuff. I liked doing beading and plastic canvas and the magic blocks. I liked to cook dinner and make the bread sticks. In the program I did a rap with Tasha and Marie.

Tasha:

I liked doing bead work and jumping and plastic canvas. Also I liked cooking and being with my cousins. I was the only one in my group who didn't have something happen to their glasses. The funniest thing at camp was when Bryan splashed water on Aunt Cilla and she dunked him. I also made a cherry cheese cake and an ankle bracelet and a necklace. Sharon gave me a bunch of plastic canvas to do whatever I wanted. Thank-you Sharon. I got buried in the sand at the sanddunes. I liked going shooting with Uncle Bill and the museum was very interesting. The crafts were very fun--all of them. I hope we have as much fun next year. We got Brownies at Church for Merrie Miss. I went to Merrie Miss because I wanted to be with my female cousins.

Marie:

I liked Kuzzin's Kamp a lot. I liked the bead work mostly. I liked to get to be with my cousins and some of them are not even my cousins. I liked my group. I liked all the projects. The food was good. I liked to cook. I made a blackberry pie, helped

make dinner, making bread sticks. I got to share a bedroom with my group. The lens fell out of my glasses on the stairs and they broke. The screw came out.

Cheryl:

This has been a great Kuzzin Kamp. It was wonderful having Emma and her sister, Priscilla to help with the crafts and we were able to do some things we couldn't do before because there was more supervision. It was nice. The weather has been pleasant during the day. We especially loved Rigby Lake this year. It was the year of the "Glasses"--some lost, broken, taped, loose screws, etc. The program was wonderful! I loved the courrage and the nice card from everyone. Thanks so much.

Doug:

I liked the game, Musical Treats, and the skits. I liked baking the pies. I made coconut cream. It was fun eating all the pie we wanted. I missed out on Rigby Lake because I was at baseball. I liked the fire works at the Sand Dunes. Shooting with Dad was fun. We shot the 22s at Penzoil plastic bottles. I was the best shot. Some of the other kids shot BB guns and pellet guns.

George:

My favorite part was when everybody went home. I think Kuzzin Kamp is the stupidest thing in the world. I didn't like anything about Kuzzin Kamp.

Cheryl:

Kuzzin Kamp is the highlight of our year. Even though my own hoys think it is "Sissy stuff" and think it is a "PAIN," and makes them "GO BANANAS!," I assured them the day will come when they will recall our special Kuzzin Kamp times with fond memories. Even Bill Sr. is getting into the swing of it. He had a great time taking the older ones out shooting this year and he put on a terrific fireworks display. He didn't even complain about the expense--so you know he is starting to like it! He was also a lot of help at our cook-out at Rigby Lake this year. It was especially nice having Emma and her sister help me this year. I hope I have such good help every year. I loved the Sing-a-long we had Sunday morning; the terrific program--and the baking, YUMMY! Oh, I loved the Sand Dunes and fireworks, too--and do you know--the week of Kuzzin Kamp was the nicest

weather we had all summer long! Even heaven smiled upon us! On Saturday, Sharon came to help with the crafts. We especially loved going to Rigby Lake for the first time this year. It was the year of the "Glasses"--some lost, broken, taped, loose screws, etc. I can't even begin to describe what Kuzzin Kamp means to me, and I was especially touched by the nice card that everyone signed and the corsage. I was so surprised! The memories we are making will last forever. When I think of how much the children have grown from the first year--well, time goes by so swiftly. I feel it is so important for today's children to have a sense of family and to have memories of fun times with their family. Taking you all to Church with me--I thought I'd burst my buttons, I was so proud of you! Having your parents and Grandma Harmon spend the night and share our Sunday with us is one of the neatest things I know.

Dear Family,

Hi I'm 10 years old now but I'll be 11 on JULY 23,1993! California is really neat. I like all the palm trees and stores. I'm doing GREAT in school. I mostly get A's and B's in all my subjects. Guess what, I'm going to save up \$15.00 and buy a collared lizard, (female). I work at Pet Mart as a volunteer. De, (my step mom) is the manager. I like working at the pet store because I love animals. I share a room with my three

sisters and it gets crowded some times!

Well I have to go now.

Today I got to hold David's lizard. I am 8 yrs. old. My favorite color is silver. I just had a birthday. Mommy and Ron bought me a singing bear. It has London Bridges, Twinkle Twinkle Little Star, and it makes me fall asleep. I sure hope you are having fun. It was nice to meet some of you. Do you believe in God? I do.

Your new cousin

KUZZIN KAMP '94

Due to the many challenges we have been facing with George and his hospitalizations, we have simplified Kuzzin Kamp '94. We hope this meets with your approval and that you will all still be able to come and participate.

July 7-10

PLEASE ARRIVE AT BILL & CHERYL BEAN'S BEFORE 11 A.M. ON THURSDAY IF YOU HAVE A DAUGHTER WHO WILL BE ATTENDING THE SPECIAL CLASS AT RICKS COLLEGE. This includes Tasha, Jennifer, Marie, and Monette. This class (from 1-3) has already been paid for and should be a great experience for the girls. It is entitled, "Have You Seen Your Bedroom Floor Lately?" The girls should wear long pants or skirts for this class.

All others arrive before 3 p.m. Bring a sack lunch if arriving early. At 3 p.m. we will all leave for Green Canyon Hot Springs to camp for two nights. We have reserved the 3rd Shelter from 4 p.m. on Thursday until 5 p.m. on Saturday. We will pay the camp fee of \$20 per night and 10 Cents per person. Each family will then be responsible for their own swimming fees and any snack bar items they wish to buy. We have a special discount on swimming tickets if 13 or more swim. We recommend day passes on Friday and Saturday. Thursday a one-time pass would probably be okay--unless you want to swim again after dinner. There is a nice covered pool and hot tub. Lifeguards are on duty.

All day passes (You can go in and out as often as you wish that day.)

12 and over \$3.00

2-11 \$2.90

One time only (If you leave the pool, you have to pay to re-enter)

12 and over \$2.00

2-11 \$1.90

Green Canyon also offers wonderful hiking and climbing and if you want to take a short drive, you could even do some shooting. Our Kuzzin Kamp will be much more relaxed this year.

I have taken the liberty to assign meals to the various families who have indicated they would be coming to Kuzzin Kamp. If you cannot prepare your meals, PLEASE let me know as soon as possible. There will be about 35 people more or less. IF you are bringing extra people, we need to know and they will be expected to chip in and help with the food also. Everyone is responsible for their own daytime snacks and drinks.

6-8-97

Yesterday we traveled 210 miles to Twin Falls where we stayed at Oreville's where we spent the night. The Wayments were very kind and they gave us good food to eat.

6-9-97

Today we have stopped twice so far at rest stops. I'm not quite sure how many miles we have traveled yet but I will try to figure it out. We are going to stop in Winnemucca for gas. We are 1 mile away from Battle Mountain. Today we went through the side of a mountain it was really cool. We have crossed a time zone earlier today. We are 15 miles away from Winnemucca. We have traveled 502 miles so far. We had a picnic at a really nice rest stop outside Winnemucca. We ate wet things, with PB & J on them. We also had ham sandwiches. The bathroom smelled though. We are about to stop for gas.

① Twin Falls, ID \$ 11.00

We got a flat tire!! 2 LDS men stopped and helped us. What was weird was that they had put a tire iron in their truck this morning but they didn't know why. Also Brandi, Cassi, Caroline and I prayed that someone would stop and help, after they stopped to help I heard the man say "I almost didn't stop because he thought we needed help we would be waving our arms or something." They followed us for about five miles then they slowed down and held up a sign that said: "Us When You get The Tire so we now you're O.K. They gave us a 800 number. Heavenly Father has truly sent us a sign! That's what Grandma Bean said. We just pulled over for a rest area and saw a sign that ~~read~~ ~~read~~ read TIRE REPAIR. Grandma Bean said "YES" We just found out the spare went flat also. The tire is fixed we are on our way again. We all have to go to the

What:

Kuzzin's Kamp

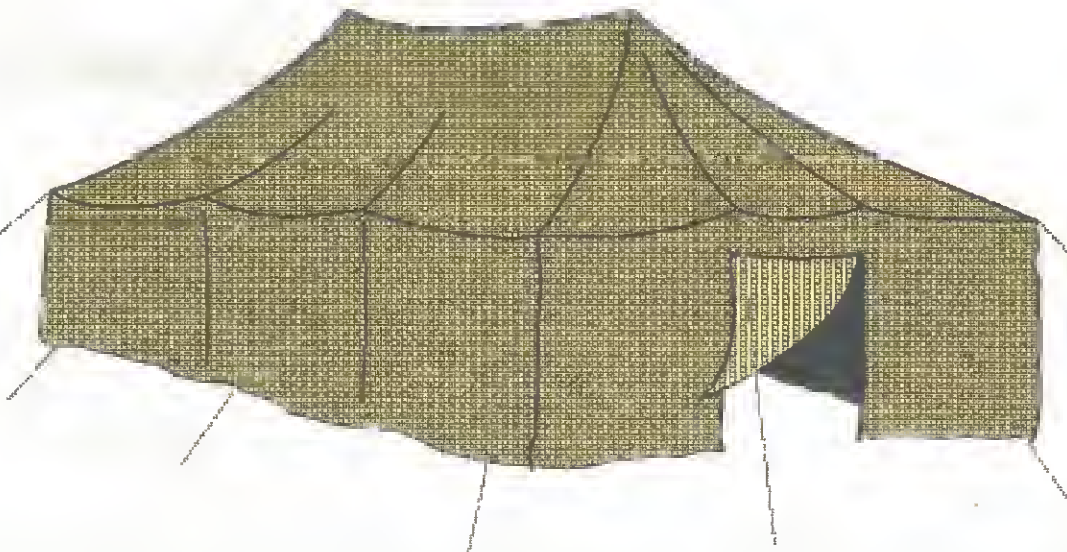

When:

July 13, 14, 15

Where:

Jeff. Co. Recreation
Area (Rigby Lake)

Shelter B

We will be meeting at Rigby Lake--Shelter B--on Monday, July 13 (watch for the Kuzzin's Kamp Flag.) The covered picnic area is reserved and paid for. The camp sites-- as many tents as we can get in a camp site-- are \$3.00 per night.

Each family will be responsible for one craft and one campfire activity. There is no electricity. So, try to plan your craft or activity for something that does not need electricity.

Mom's craft is Pouting Babies. Bring a baby or toddler outfit with feet or bring booties, shoes, etc. Also, you will need something for hair.

We are going to have a kuzzin kamp sale to raise money for the next kuzzin's kamp. Bring small things that you think people might like, things that kids can buy for a nickel, joke typ things etc. Also, we are going to have a silent auction for the Christmas Star that Dad made for the top of the house. Whoever bids the most, gets the star. This will be determined on the last night.

The only running water is at the main bathroom. We will need to bring water for cooking and cleaning up.

Amy is going to do a special presentation on the night of the fifteenth for Bill since it is his birthday. She would like it if everybody would write up just a small paragraph or so about Bill--memories, jokes, whatever you want. You can either mail them to her at 309 Pasherma Kay #14, Rupert, 83350, or you can give them to her at the beginning of Kuzzin's Kamp.

If your name is not on the meal assignments and you are coming, please let me know so we can work something out. Likewise, if your name is on the list and you won't be coming, let me know.

This is going to be a pretty laid back, non-structured kuzzin's kamp. So, come and have fun!!!

She's a young thing and cannot leave her mother!

Did she bring for you a chair charming Billy?

Can she bake a cherry pie charming Billy?
Yes, she can bake a cherry pie~~quick as a cat can wink its' eye
She's a young thing and cannot leave her mother!

How old is she Billy Boy, Billy Boy?
How old is she charming Billy?
She is six times seven; twenty-eight and eleven
She's a young thing and cannot leave her mother!!!!!!

I used to get into such trouble singing that song because it used to make Billy mad! But I learned all the verses and just LOVED to sing it! Thanks for helping me tonight!

My memories of my little brother go back nearly fifty years! I can remember his bassinet in the living room of the basement house we lived in on Grandpa Harmon's farm at Tuttle, Idaho. Mama made me be quiet whenever I was near it. Something I have been told, but don't remember myself was of a time that fall of his birth when Mother was canning and she gave me some jar rings to play with. These rings would entertain me for the longest time and mother could get so much done! One day she heard the baby crying---I was beside his little bed putting jar rings up his arms till he couldn't move!

I remember my Uncles and Grandpa Harmon playing with Billy one day while the women were fixing dinner and I was sent away from the kitchen to be "watched!" The baby was lying on the floor and my uncles and Grandpa would go up to him and put their foot on his tummy and talk funny and he would just laugh and laugh. That looked pretty fun so I walked over to him and stood on his tummy, too! Only he cried and I got spanked!

When Billy got a little older he was lots more fun! He learned to walk pushing my doll buggy. I liked to give him rides on the back of my tricycle! He would stand on it, hands on my waist and we would go round and round the big living room. That was a fun game that got even more exciting when we tied his toy bumblebee onto the tricycle and as we went round and round it would clack and whir! What a great noise!!!!

Another thing I remember about the basement house is that our Daddy and Grandpa built a big tall board fence to keep Billy from getting away. I was much more grown up---18 months older in fact and they never had to fence me in before HE came along---so I knew the fence was for HIM and I HATED IT SO BAD!!!! I had been used to having my freedom and now I was locked in that stupid fence with my little brother! I remember standing at the boards and bawling and screaming my head off. That did not succeed in getting us out---and Billy had a better suggestion. I remember so clearly him saying, "Let's just play!" What a solution! It actually was kind of fun playing in there---we made some pretty neat mud pies in our day!

One day Grandpa Harmon gave us a ride on the sled he used to level the road. The horses pulled the sled and Billy and I were sitting on the back when we hit a bump and Billy fell off. I screamed and Grandpa stopped the horses but not before the sled ran over Billy! Fortunately the sand was very soft and he was not injured!

I was about 4 ½ and Billy was 3 when we moved to Fairfield. Our Daddy got us this cute little black puppy that we called "Coalie." He was the delight of our days! We really loved that little pup and it was very traumatic when Coalie got run over by a car. Mother told us that is what would happen to us if we got in the road and from then on I was terrified of getting near the road. We had a swing in a great big tree and spent hours and hours swinging.

While we lived here we went fishing a lot on Magic Reservoir. Billy and I built lots of sand castles while our parents fished. One time mother had to take Billy to the bathroom and she asked me to hold her pole while she was gone and I caught a great big fish! Thanks Billy! That was convenient! We liked going fishing and on picnics.

Then we moved to Gooding. The house we moved into had an electrical problem and we thought it would burn down so we moved into a little brown house next to our Grandpa and Grandma Wayment. That was fun! We were spoiled by Grandpa for sure! That Christmas Billy got a boy doll so he could play dolls with me. I was so HAPPY!!!! Also, that Christmas, our oil furnace blew up and could have killed all of us, but because it was Christmas we were up early and able to get outside!

Then we moved again--next door to the brown house into what I thought was a BIGGGGGG white house! There were three houses on our side of the block. Grandpa and Grandma's cinder block house; the little brown house and the big white house.

We lived in the big white house when I started school. Back in the olden days we were allowed to bring visitors to school with us sometimes and Billy would go with me on visitor day. He liked that a lot!

We also took swimming lessons at the Gooding Pool---at least I took lessons. Billy wouldn't get in the water. It embarrassed me so much that I would make him stay outside until I got in so no one would know he was my brother.

Our Mother worked that fall and we had to go to a babysitters named Mrs. Young. She had a daughter that told us stories about Boogie Men going to get us and she scared us a lot. I remember playing with the other little girls at the babysitter and not so much with Billy.

We later moved into Grandpa and Grandma's cinder block house. There was an old car in the back yard that Grandpa said we could play in and did we ever! Also on Saturday afternoons we often got to go to the movie and see a Roy Rogers movie. It cost us a dime to get in and sometimes we even were rich enough to buy a nickel candy bar at the movie! Right across the street from our house was a little convenience store and they sold POPSICLES! Billy and I loved popsicles. They cost a nickel I think! Billy and I would go outside and climb the big tree and watch kids go into the store and come out with popsicles. Then I would tell him to go ask Mama if we could have a popsicle. If she said no we would wait a while and try to think of another way to get her to say yes. Billy was the one who always got to ask. I remember Mama coming outside and telling me that if I sent Billy in one more time to ask for a popsicle she was going to get him one and send me to bed! The nerve!!!!

When Billy started school he was so little and his legs were so short that Mama couldn't find any levis that fit him that didn't have snaps between the legs---so she got some longer ones and rolled up the pant legs two or three rolls. He had blonde hair and was the cutest little boy in school. In fact he was so cute that the teacher didn't make him work. I remember when he was in second grade and wrote his name Billy Har. I asked his teacher why she didn't make him write his whole name and she said he was too little!!!!

We used to walk to school and it seemed like a long ways. I always held his hand as we crossed a big bridge; then he could go on alone. When our baby brother Terry was born we used to race each other home to see who could hold him first. Billy might have had short legs but he could run really fast!

Our next move was to Fairfield. Our house was on a farm right next to Willow Creek. There were two other houses on the farm and some sheds and stuff. Billy and I and the bosses daughter, Linda, had so much fun here. We used to go down by the creek and watch the deer come get drinks in the evenings. Our Dad said we could fish in the irrigation ditches and we even caught some fish, too! We had a big sand box that Billy especially loved. I remember asking him to play house with me and he said he would but I had to play cars with him first. We began building roads and farms and making hay stacks and had so much fun that we forgot to stop and play house! After that I was hooked and played in the sand box a lot with my brother! That summer was a fun summer for us!

Then we moved to Burley into an apartment house. That was sure hard after the freedom of living by the creek and roaming! However, right across the street from the apartment was a nice park! We discovered a new play place and we learned to roller skate! We would skate round and round that park for hours.

From Burley we moved to Gooding for a couple weeks; then to Bliss. At Bliss we were in a little tiny school that had two grades in one room. Billy was a third grader and I was a fourth grader. I got into more trouble that year for tattling on Billy! We learned to ride horses that summer. Before school started the next year, we moved to Eden. Here we played in culverts that ran under the highway. It was fun getting down into the culverts and yelling and hearing our voices echo. Then we moved into Hazelton--in town! And for the first time we lived where Billy could play baseball on a team.

Our baby brother, Edward, was born while we lived in Hazelton. I was 12 and Billy was 10 1/2. From that time on our interests seemed to switch and we played more with other kids and not so much each other except for a few times when we got into trouble--and I don't remember much about this time. However, we did move again a few blocks away---and I remember Billy building tire swings for the little boys. He was in scouts and got to go to scout camp. He used to mow several lawns for money and sometimes I would go and help him with his lawns. He helped our neighbor, D.R. Perkins a LOT! D.R. was a brother to Marilyn who married our Uncle Orville.

When we lived in Hazelton, Mother took us to Jerome to go to the dentist and the eye doctor. It seemed like we were always going. She says we used to fight a lot in the car, but I remember playing alphabet games and singing songs as we rode along and going for A&W root beer or frosties afterwards.

I loved 4-H and took several projects every year. One of my leaders started a second club for Outdoor Cooking and it was all boys---except for me. Billy was one of the boys. I remember making huddy burners out of tuna fish cans and corrugated cardboard and melted wax and putting them under a big can on which we cooked hamburgers. That was so much fun.

Billy helped Grandpa Wayment as he worked on building the new Church in Hazelton. The only time I ever remember being jealous of Billy is when Grandpa took him and not me!

When we were dating, one of my girl friends wanted a date with him and so I arranged that. Her name was Diane Jones. She later married a Harmon---but not Billy. Soon after I married and left home, he went into the Marines. I don't remember if he bought his fancy white car before becoming a Marine or afterwards! But I do remember he had an awesome white car of his own!!!!

While he was in the Marines we exchanged letters. He went to Viet Nam and oh, how I wish I had kept his letters! At a time when a lot of young people in our country were causing a lot of trouble, my brother was serving our country! I was really proud of him.

After he got back from Viet Nam and was stationed in Arizona, I was living in California and he would drive up to see us on his weekend passes. I remember the first time he came and I fixed this new recipe I had found and was so proud of. It was chipped beef gravy over baking powder biscuits! I thought he was going to throw up when he saw what I had fixed him!!!!!! I guess it was not really a new recipe---but common military fare!

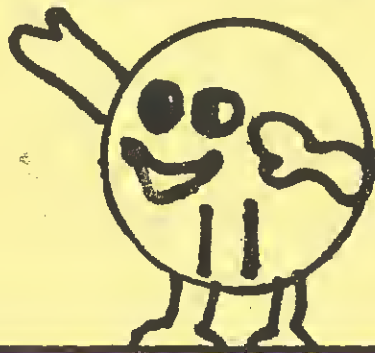

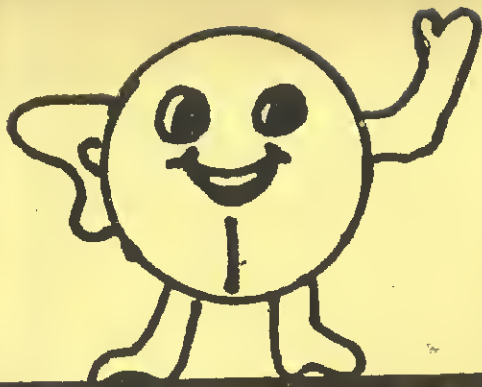

I wrote him a letter one time and told him to come visit us as I had met his future wife! She was the daughter of a lady that I was babysitting for. I tended a cute little boy named Ronnie Brittain. He had an older sister named Vickie who would sometimes babysit for me and she seemed so perfect for my brother that I was really anxious to introduce them! I did----and they can tell the story from there!

Billy is not only my brother, but my childhood friend and playmate. I will always treasure the precious memories I have of our childhood. I love him dearly! And I think I did a real good thing by introducing him to Vickie! Don't you????? In all my life I have never seen two people so compatible. I admire the way they treat each other and the friendship they have developed in your marriage. They have had challenges and heartaches but facing them together has strengthened and enhanced their relationship. If I ever marry again, I hope I can have the kind of marriage they do.

DON'T EAT PETE!

Place one piece of candy in each square. Send one person out of the room while the group chooses one candy piece to be "PETE". When the player return he eats the candies one at a time but the minute he touches "PETE" the group yells, "DON'T EAT PETE!!!" His turn is then over and the next player leaves the room. Continue until all have had a turn.

Eleventh Annual Kuzzin Kamp 2001

Even though last year we voted to do our Kuzzin Kamp every other year, we just couldn't do that! It has become too much a part of our summer! I had thought I could let it go until Greg let me know he would be here from Pennsylvania for Kuzzin Kamp this year! So, we are holding it. Here is the information:

- Location:** We will Headquarter at our home. 2192 East Hwy 33 Sugar City, ID. We have our basement available for sleeping. Also we have some tents and a few sleeping bags; we have our tent camper, too. Mothers who are pregnant or nursing get first chance at the beds in the house. We have a queen, a double, two twins (that can be put together); and a hide-a-bed. We can also have some blow up mattresses available. If you have some, and can, please bring them along. Please let us know your needs so we can rent some sleeping bags from Ricks if we need to! There is a kitchen downstairs so you can have a place to fix things for your own family as needed. (You can also use my kitchen!) We have three bathrooms. We could put mattresses in the garage also!
- When: Wed July 4** We will go to 4th of July parade in Rexburg; then go to Rigby Lake for a picnic lunch. We ask **each family to be responsible for their own sandwiches and any other things you want with your own lunch—whether you get something at McDonalds, make your own, etc. John and I will provide drinks and a watermelon for all.** At Rigby Lake, we will congregate on the beach where the smaller children can swim and play on the playground toys. We will take our boats, float tubes, etc. If you have any float devices, they would be fun to bring. Water balls are also lots of fun. John hopes to beat you at Tennis! Bring your rackets if you have them! There is a nice hiking trail for walking or skating! Lots to do. Toward late afternoon, we will return to our home where **we will furnish and serve sloppy joes; and potluck salads, veggies, chips, and cookies. Please furnish what ever you would like.** We'll take our chances! That evening we will migrate to Idaho Falls for the Melalucca Fireworks display. It is probably impossible to find a place where we can all be together, so you can go as families or smaller groups, etc. If you would prefer, Rexburg also has fireworks and a rodeo. Whatever your family would like to do is fine. John and I will go to the Idaho Falls display.
- Thurs, July 5** Group decision as to what we will do during the day. John wants to challenge anyone to early morning tennis matches at the Sugar Park. We would like to have our family program this evening. Please prepare a family talent, musical number, or skit to perform. Involve the WHOLE family in this! We will probably do this outdoors or in the garage so the piano won't be available. (Maybe if you are real nice, Jade might let you use his keyboard.) Tape your music to use with skits, etc.

Friday, July 6 Group decision as to what we will do. We would like to take in the Sand Dunes this evening.

Saturday, July 7 Joey and Amber; Jade and Nancy; Bryan and Kerri: please plan an activity for 12 and up. (Jade and Joey can be reached at 208-354-3210; Bryan will be here on the 29th of June and can get with you at that time. His phone number is 604-534-4651; email is big_beano51@yahoo.com)
Grandma Harmon and Grandma Bills; Jamie and Suzanne please help plan activities for 12 and under. (We have materials for pet rocks—a tradition)

By 6 p.m. we will then gather at home for a cook-out and evening fireside chats, volleyball, croquet, board games, etc.

Sunday, July 8 Church; visiting; packing up.

- Bear World (there is an expense involved in this. Worthwhile)

My Brothers

By Cheryl Ann
2002

Billy was 19 months younger than I
Blonde hair and blue eyed—And how he did cry
When I put jar rings all up his arms
He wasn't impressed with my sisterly charms!

I had a tricycle red and just right
For him to stand behind me and ride
Round and round our basement house we did go
Pulling a chattering bumble-bee toy just so.

We played in the sand box with his trucks and cars
We played with my dollies and dishes and jars
We colored lots of pictures and learned nursery rhymes
We went to Saturday movies with nickels and dimes.

Terry joined our family when I was eight
A brand new baby—and I hardly could wait
To get home from school to check in and see
If he was okay— after being away from me!

Had mother kept his diaper changed and dry?
Had she rocked him and held him if he did cry?
Had he smiled or cooed all the day long?
Sister was home, she'd sing him a song!

He loved his big sister, and she loved him, too,
There was nothing for him that she wouldn't do.
Story hours with his neighborhood friends
Teaching his primary class—his crying did end!

A quartet with Terry and three little boys
Brought his big sister fame and countless joys!
They sang at Church programs, and parties and such—
Terry's clear voice added such a nice touch!

When I was twelve years old, a new baby boy
Came into our home—and we all jumped with joy.
Edward or Eddie – Enuf or—Rusty—oh my,
What would we call this new little guy?

He talked in complete sentences so very young
People were amazed to hear what came from his tongue!
Before he could walk, in his stroller, he'd ride
Hollering out to our neighbors as we'd go by!

Oh the stories I read to those little brothers
As I tried to be helpful and kind to my mother.
Out of an old tire, Billy made them a swing
Oh, how those boys loved to play in that thing!

They played cops and tobbers and cowboys and such
For getting into mischief, no one could match!
Playing in the ditch was a favorite for them
With mud head to toe and then back again!

I just knew there was another baby for us
I begged my parents and put up a fuss—
It's time for a baby, Mom and Dad, don't you see—
I think you should have a baby sister for me.

A baby did come when I turned sixteen—
But not the little sister that I had oft dreamed!
Ronnie, the baby that was so dearly loved
Oh, how my heart stings with this baby were tugged!

He never had a chance to fuss or to cry
His brothers or sister would run right to his side—
“Now don't spoil him,” our parents would say--
But we all spoiled that baby rotten--any way!

Yes, he was spoiled, but that didn't hurt him
He brought happiness to all—with just his cute grin!
He was smart as could be that brother of mine
Because I taught him so young—Wow, he did shine!

I have special memories of each younger brother
They brought joy to the lives of our father and mother
With five children, now our family was complete
Mother sewed and dressed us all up so neat.

She baked lots of bread and let us eat some of it hot
We drank gallons of milk whether we liked it or not.
She made chili and beans and soups galore
There was plenty of food—or she would make more.

The pancakes she made us were hot off the grill
Scones spread with butter and jam—I remember them still.
Dad's favorite was fudge made on Sunday afternoon
Oh, how we loved to lick off the spoon!

I love my family—each one and all
They have all grown up and are handsome and tall.
Terry has gone from us, but we visit his grave
Lying beside his Dad; we try to be brave.

It is my hope that once again we will be
United forever as an eternal family.
Mother and Daddy, Cheryl Ann,
Billy, Terry, Edward, and Ron!

Kuzzin Kamp 2002

It's time to think about Kuzzin Kamp 2004!

Here are the details:

When: Sunday July 18 - Thursday July 21

(Arrive beginning at noon on Sunday; leave by noon on Thursday)

Where: Buttermilk Campground Island Park, Idaho (Harmon Family Camp Reserved Site)

If you plan on fishing, you will need a valid fishing license. A four-day out-of-state license is available for a very reasonable fee. Let us know and we will find out details.

Who is in Charge this year?: Bill and Vickie Harmon

The Campground has nice tenting and camper facilities; nice bathrooms and wonderful tables and a great cooking area. Family members need to bring their own tents or campers and camping gear. There is a place to play Volley-ball; places the kids can roller blade or hike and ride bikes. Swimming needs to be supervised by parents and is best done in life jackets for the children. There will be boating and fishing, and maybe we can even get in some tubing on Big Bertha!

Food assignments will be made as time gets closer and we know who is coming.

Do you have ideas of fun things to do or crafts for the children/adults? Please reply as soon as possible to Cheryl so she can let Vickie and Bill know of your ideas.
